

Clinically Proven to:
 - Reduce Pain
 - Accelerate Healing
 - Improve Circulation

BIOflex® ... Magnetic Pain Relief You Can Trust!

BIOflex® Facts

Today's increasingly health conscious population seeks an economical, effective, natural and safe pain relief alternative to pain killing drugs. BIOflex® medical magnets are the **only** magnets clinically proven to **reduce pain, increase circulation and speed healing**. They are manufactured specifically and exclusively for **human medical use**. They have been heavily researched, are a medically accepted product that **relieves pain** and speeds up the **healing process that actually works!**

What make BIOflex® Magnets different from the competition?

All magnets are not created equal! Most magnets in use today are inefficient, which is why users have mixed results. Time and again these products have been tested for effectiveness against pain and have never been shown to be predictably so. **BIOflex® offers Concentric Circle magnets, the only technology** that ensures the accurate alignment of the magnetic field with the affected blood vessels. This revolutionary, patented technology is the difference that sets it apart from other magnets. **BIOflex® works by design – not by coincidence!**

How do BIOflex® Magnets work?

The magnetic field penetrates deep through skin, muscles and bones. When it reaches the affected blood vessels, amazing things happen: it attracts and repels ions, the charged particles in the blood, creating movement and heat. This process causes the blood vessels to open up and circulation to increase, bringing fresh, oxygenated, nutrient-rich blood that nourishes and revitalizes the cells, while at the same time it pushes out the toxins, thereby reducing pain and inflammation and speeding up the natural healing process.

Is Pain Relief Instant?

BIOflex® magnets work with varying results in various time frames for each individual. The Baylor Study showed that Post Polio Patients experienced significant pain relief within 45 minutes of application.

Do the magnets ever lose their strength?

No! BIOflex® magnets do not lose their magnetic power and are designed for multiple applications.

Multiple Applications – What does this mean?

BIOflex® Medical Magnets are available individually and in combination with numerous other products, such as supports and braces as in knee stabilizers, wrist, elbow, ankle and back supports, headbands, shoe insoles, seat cushions and the BIO-BED™, a revolutionary therapeutic sleep system. For the first time a mattress and mattress overlay that can put you to sleep. **They are all medically accepted products to relieve pain and speed healing that actually works!!!**

Which conditions do BIOflex® products treat?

Musculoskeletal Pain, Chronic Pain, Soft Tissue Injuries, Tendonitis, Arthritic Pain, Carpal Tunnel Syndrome, Tennis Elbow, Rotator Cuff Injuries, Chronic Lower Back Pain, Fibromyalgia, Chronic Fatigue Syndrome, Stress, Poor Energy.

Who can use the BIOflex® Products?

Anyone who has musculoskeletal pain and stress, and anyone who wants to maximize his or her wellness. BIOflex® products may be used over and over again; they never lose their effectiveness and require no change in one's routine or lifestyle. All one has to do is use them.

Who Recommends BIOflex® Products?

Medical Doctors, Psychiatrists, Physiotherapists, Occupational Therapists, Registered Massage Therapists, Chiropractors and others.

Are BIOflex® Magnets approved by the government?

Yes! The magnets are **Registered Medical Devices** with **Health Canada** and the **US FDA**. The **Canadian International Trade Tribunal (CITT)** has approved the **Medical Claims** we make for them.
